Lorene Shyba, & Jared Tailfeathers

Durvile & UpRoute Books
Audio and Media Series

ISBN: 978-1-990735-81-3 (audio)
Release date, February 2025

Genre: Dark Fantasy

Secrets of the Forsaken is an audiobook that delves into the supernatural, secret desires, and mysteries of the unknown. This collection brings together eerie ghost stories, glimpses of the afterlife, and dark fantasy that blurs the line between horror, the occult, and shadowy aspects of magic. Through vivid narration and immersive soundscapes, stories from Indigenous oral traditions are woven together with tales from other ancestral cultures, creating a rich exploration of supernatural connections and the bonds between the living and the departed. With a mix of retold classics and original works, *Secrets of the Forsaken* offers a captivating listening experience that invites you to explore the otherworldly from many different perspectives.

Details: *Secrets* audiobook is a Durvile & UpRoute experiment in publishing a bespoke audiobook, without a physical book. Some stories are original compositions, some stories are classic tales, but thematically, emphasis is on imagination and dark fantasy, with the classic stories corresponding to the authors' original stories. Narration is blended with music, sound effects, and illustrations, animations, and author interviews that will be available on the *Secrets* webpages. Many of the authors are narrating their own stories and the corresponding classic tales.

How to Listen: Distribution of the audiobook will be through Spotify, Audible, Apple, Kobo, and other audiobook vendors.

Authors: Authors include Julian Hobson, Lorene Shyba, Jared Tailfeathers, Alex Soop, John L. Hill, Laurier Tiernan, Uchechukwu Peter Umezurike, Shaznay Waugh, Jessica Theroux, Raymond Yakeleya, and Cary Cody Thomas. Alongside authors' original works, the collection also features classic tales that reflect elements of the authors' original stories.
